

4.5 x 6.25 ARCH

HORIZONTAL - DIE CUT

Artwork Size

(with bleed):

4.75" x 6.5"

Final Cut Size:

4.5" x 6.25"

Safe Area Size:

4" x 5.75"

- 
- The diagram illustrates the layout for a 4.5 x 6.25 inch arch die-cut. It features three concentric arch shapes. The innermost arch is a solid light green line, representing the 'Safe Margin'. The middle arch is a dashed red line, representing the 'Trim Line'. The outermost arch is a solid black line, representing the 'Bleed Edge'. A legend on the right side of the page identifies these three lines.
- Safe Margin
 - Trim Line
 - Bleed Edge

DESIGN TIPS FOR DIE CUTS

- Borders that closely follow the edge of the die-cut shape are not recommended.
- Designs will still need to bleed .125" on all four sides on a 5x7. For example, this will result in a file that is 5.25x7.25, bleed included.
- Text and important graphic elements should be more than .25" away from the edge of the die-cut shape.
- Always preview your file using the template overlay for your chosen die shape.
- Turn off or delete the die-cut template before saving and exporting your file. The template should not be visible on your final file.
