

Customer Provided Envelopes

Disclaimer: PrintsWell cannot be responsible for any costs associated with the replenishment, restocking, shipping, or replacement of any damaged customer provided envelopes or envelopes printed in error regardless of fault. While every effort is made to decrease wasted stock, please plan for at least 10% spoilage when providing envelopes. **Example:** To print a set of 100 envelopes, at least 110 envelopes must be provided.

Pricing

We charge per set of envelopes. The first envelope within the set is billed as a \$35 receiving fee. Each envelope thereafter within the set will be billed at \$0.10 each. During the months of November & December, the fees associated with this service will be increased to \$45 receiving fee and \$0.15 per additional envelope due to holiday volume.

HELPFUL TIP: Colors may vary between different paper stocks (i.e., Ink printed on soft white paper will not appear the same as ink colors printed on a bright white stock)."

Ordering Policies

1. Please see our list of envelope codes before placing your order. This code will be entered in the search box on the main ordering page:

If there is a customer provided envelope code available for the size you would like to order, you will see the customer provided option under the envelope paper type in the dropdown options.

2. You can ship the envelopes to this address:
PrintsWell, Inc.
Attn: Fulfillment for (Your Company Name)
135 Winslett Road
Pelham, AL 35124
3. The envelopes **must** be received in our facility before an order is placed. We will notify you via email once they are received, and you can reply to the email with the PrintsWell order number.
4. Please provide a description of the envelopes in the Invoice Memo so we can match the order with the stock upon arrival.

5. We will not accept envelopes with any kind of finishing - This includes but is not limited to lined envelopes, letter-pressed envelopes, embossed envelopes, etc. If you provide envelopes with any kind of finishing, they will be returned to you without printing with your order.
6. We do not offer lining services on customer provided envelopes or any assembly services.
7. We are unable to accept stock that is comparable to an envelope that we currently carry.
8. Any unused envelopes will be shipped with the order.
