

The diagram shows a large white rectangle representing the envelope's body, enclosed by a dashed green border. This border is wider at the top and bottom edges and tapers towards the left and right sides, which represent the flap. The area between the dashed green border and the solid black outer edge of the envelope is shaded light gray, indicating the non-printable area.

4Bar Envelope (KRAFT)

3.625" x 5.125"

Fits 3.5" x 4.875" Products

Non-Printable Area

Envelope printing tips:

- Artwork cannot bleed/touch edge.
- The envelopes are printed on a different machine than our press - the printer tends to print slightly darker and will not be an exact match.
- Large/heavy areas of coverage are not recommended.
- Textured envelopes may show through printing.
